FOR TOMORROWS  
CHALLENGES**

## PART 61 TRAINING PROGRAM

Air Cargo Carriers' Part 61 training program surpasses industry standards by injecting the perfect mixture of industry experience with leading edge innovation to train aviation professionals to safely operate the SD3 aircraft.

# MAKE THE RIGHT DECISIONS FOR YOUR BUSINESS

Time is money in aviation and Air Cargo Carriers understands that. The Air Cargo Carriers Part 61 training program is safety oriented and values your time keeping our program budget friendly.

## *Initial, Recurrent, Upgrade... We are here for your business...*

Air Cargo Carriers is here to help your business succeed in today's rapidly evolving industry. Our program is designed to support all of your training needs with the SD3 aircraft. Initial, recurrent, and upgrade training all fall into the scope of our outstanding program.

### CENTRALIZED TRAINING & DEDICATED PILOT EXAMINER

Our facilities and hand-picked instructors are here for you and your crews. Our centralized training is designed to adapt to all learning styles and ensure success.

### SD3 FTD

With a program fully supported by a state of the art SD3 flight training device, the precise execution of operating procedures is at the forefront of our program.

### LIMITLESS RESOURCES

With the largest fleet of SD3 aircraft globally, and the home of the largest SD3 parts inventory, we will use our resources to ensure the success of your crews.

### FLEXIBILITY

Scheduling flexibility that supports your business supported by a COVID conscious program designed to keep your crews safe, healthy, and ultimately flying.
